

**In gymnastics we will**

**Learn how to use apparatus  
safely**

**Learn travel on and off  
equipment**

**As artists, we will:**

Apply techniques used by Ranti Bam  
and Rachel Whiteread to design, plan and  
create a clay house

**As computer scientists, we will learn  
how to:**

Design a rocket using graphics  
To sequence a set of instructions  
Input data about our rocket

**As geographers, we will learn to:**

Locate the UK

Identify the four seasons

Use compass directions

Compare the weather in the UK

**As designers, we will:**

**Design and assemble a windmill  
Test and evaluate**

**As scientists, we will learn:**

Understand that there are things  
that are living, dead or never been  
alive.

Identify and classify objects into  
dead, living or never been alive.

Understand the 7 characteristics of  
living things.

**As musicians, we will learn about:**

The difference between pitch and  
tempo

The different types of sounds

Understand and explain pitch and  
rhythm

**As historians, we will learn about:**

Toys of the past

Compare similarities and  
differences about toys from the past  
and now

How toys have changed

**Year 1/2 Spring Term**

**2023-24**

**Learning Overview**

**As learners of religion, we will consider:**

**The roles of God through stories  
and sacred texts**

**The relationship between humans  
and nature**

**In PSHE, we will focus on:**

Communicating with adults safely

People who keep us safe

Safety at home

Belonging
